

Introduction

This guide will walk you through the process of getting an iCal feed from a teacher's page and then adding that feed to your own calendar. The iCal feed contains a list of all quizzes and assignments that have been added to your child's class so by adding the feed to your calendar, you can easily keep up to date on their upcoming classwork.

Getting the iCal Feed URL

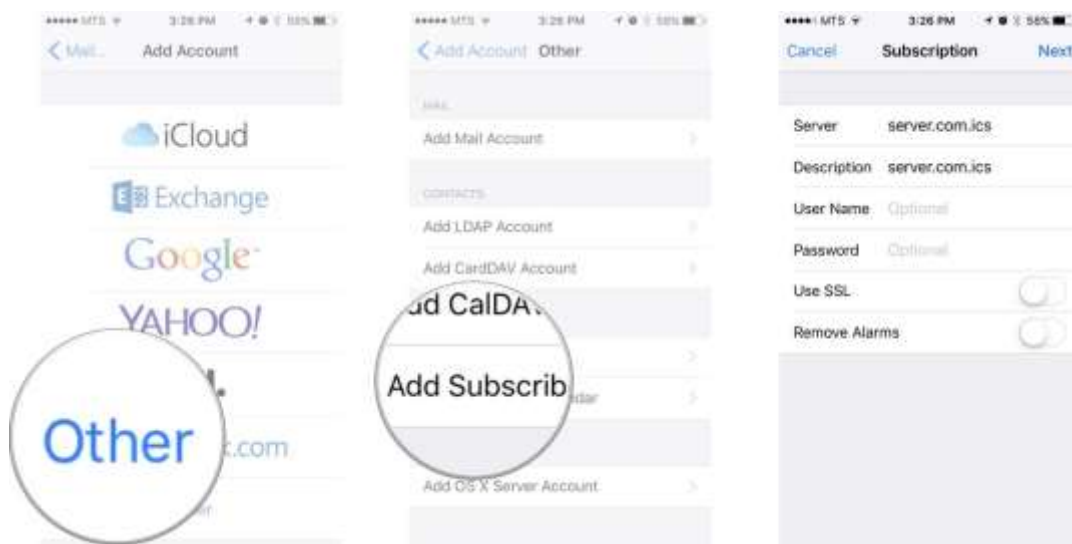

1. Go the desired calendar and click the phone icon.
2. Select and copy the URL.

Adding the Feed to Your iOS Calendar

The class iCal feeds are public feeds so there is no need to enter any username or password information.

1. Launch the **Settings** app on your iPhone or iPad.
2. Tap on **Calendars**.
3. Tap on **Accounts**
4. Tap on **Add Account**
5. Tap on **Other**
6. Tap on **Add Subscribed Calendar**
7. Paste the URL text into the field
8. Save

Repeating the Process

If your child has multiple teachers, or if you have multiple children, then you will likely want to add a URL feed for each of their classes. Just repeat the instructions contained in this document to get the necessary URL and add the feed for each of your classes.
